The Juvenile Crime Prevention Council (JCPC) has studied the risk factors and needs of Juvenile Court involved youth in this county and hereby publishes this Request for Proposals. The JCPC anticipates funds from the Department of Public Safety (DPS) Division of Adult Correction and Juvenile Justice in the amount stated above to fund the program types specified below. Such programs will serve delinquent and at-risk youth for the state **fiscal year 2022-2023** beginning on, or after, **July 1, 2022**. The use of DPS funds in this county **requires a local match (cash and/or in-kind)** in the amount specified above.

The JCPC will consider proposals for the following needed programs (see attached Program Descriptions):

*Restitution/Community Service	*Interpersonal Skill Building	*Teen Court
*Parent/Family Skill Building	*Mentoring	*Tutoring/Academic Enhancement
*Individual and Group Counseling, and Substance Abuse Treatment (specifically Un/underinsured and trauma-focused)	*Mediation/Conflict Resolution (including School Based)	*Temporary Shelter Services (specifically Emergency Shelter)

Proposed Program Services should target the following Risk Factors for Delinquency or Repeat Delinquency:

Indicators suggest youth coming to the attention of Juvenile Services are at risk for re-offending. Youth are generally age 12-18. Indicators suggest youth are using/abusing substances, exhibit anger management issues, run away from home/placement, have moderate to serious school behavior problems, associate with peers who lack pro-social behaviors and are delinquent. Due to the diversity of Orange County, the JCPC is particularly interested in funding programs that offer culturally appropriate services with accommodations for Limited English Proficiency (LEP) youth and their families.

Programs should address the following concerns as reported in the Risk/Needs Assessments and YASI Data for Adjudicated Youth:

Peer Domain: Youth are in need of development of prosocial peer relationships. Indicators suggest youth have some association with and/or regularly associate with delinquent peers.

Individual Domain: Indicators suggest youth are victims of abuse/neglect. There is a strong need for individualized mental health and substance use/abuse evaluations and treatment.

Family Domain: Indicators suggest youth are exposed to domestic discord or violence in the home. Parents have marginal or inadequate supervision skills, and family criminality, gang involvement, and substance abuse are areas that need to be addressed.

School Domain: Indicators suggest youth having moderate to serious behavioral problems at school and low academic functioning.

Applicants are being sought that are able to address the legislatively mandated items below:

1. Program services compatible with research that is shown to be effective with juvenile offenders.
2. Program services are outcome-based.
3. The program has an evaluation component.
4. Program services detect gang participation and divert individuals from gang participation.

Local public agencies, 501(c)(3) **non-profit** corporations and local housing authorities are invited to submit applications (Program Agreements) for programs addressing the above elements.
