### **Efland Sewer System Information**

- In December 2018, the legal ownership of the Efland Sewer System was formally transferred from Orange County to the City of Mebane. The City of Mebane is the current owner and operator in responsible charge (ORC) of the Efland Sewer System.
- Wastewater collected by the Efland Sewer System is treated at the City of Mebane's Water Resource Recovery Facility (WRRF) located at 635 Corregidor Street in Mebane. The recovered, clean water is then discharged to Moadams Creek. For questions regarding the City of Mebane's WRRF, please call 919-563-3401.
- The City of Mebane Billing Department manages the billing for Efland Sewer System customers who are located inside Mebane city limits. Sewer customers located inside Mebane city limits should call the City of Mebane Billing Department at 919-563-5901 with any billing related questions
- The Orange-Alamance Water System (OAWS) manages the billing for Efland Sewer System customers who are located outside Mebane city limits. Sewer customers located outside Mebane city limits should call OAWS at 919-563-6212 with any billing related questions.
- For non-billing related questions, including but not limited to sewer system maintenance concerns, sewer record drawings, new sewer service connection requests, or to report a wastewater spill during normal business hours (8 am-5 pm), please call the City of Mebane Public Utilities Department at 919-563-3401.
- To report an after-hours emergency or an after-hours wastewater spill, please call 919-563-9031.
